DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-555-000]

Southern Natural Gas Company; Notice of Application

May 28, 1998.

Take notice that on May 15, 1998, Southern Natural Gas Company (Southern), Post Office Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP98-555-000 an application pursuant to Section 7(b) of the Natural Gas Act, for permission and approval to abandon, two (415 horsepower) compressor units and compressor station structures located in Livingston Parish, Louisiana (Frost Compressor Station), all as more fully set forth in the application on file with the Commission and open to public inspection.

Southern classifies the Frost compressor units as unnecessary and accordingly, proposes to abandon the Frost Compressor Station by removing the compressor equipment, structures, and associated piping. Southern states the Frost Compressor Station was constructed pursuant to a transportation agreement with Transcontinental Gas Pipe Line Corporation (Transco). Under the agreement, Transco transported up to 15,000 dekatherms of gas per day for Southern, on a firm basis. Southern delivered the gas to Transco at an interconnect in Ship Shoal Block 232, offshore Louisiana. Transco would then redeliver to Southern at the proposed interconnect in Livingston Parish.

The gas purchase contracts have expired, Transco received approval from the Commission to abandon the transportation arrangement, and the Frost Compressor Station does not serve any firm obligations. Southern states abandoning the Frost Compressor Station will reduce cost of service by retiring underutilized facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 18, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the

requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Southern to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket No. MT98-10-000]

Williston Basin Interstate Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

May 28, 1998.

Take notice that on May 20, 1998, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 1, Second Revised Sheet No. 187.

Williston Basin states that the revised tariff sheet reflects changes to the list of possible shared policy making personnel.

Williston Basin has requested that the Commission accept this filing to become effective May 20, 1998.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
